Read Before Installing or Using DEC X.25 Client for OpenVMS® Alpha® Systems

AV–PVU3C–TE

This cover letter provides information on the product DEC X.25 Client V1.2 for OpenVMS Alpha Systems. You should read this letter before attempting to install the product. Throughout the rest of this document, DEC X.25 Client V1.2 for OpenVMS Alpha Systems is referred to as X.25 Client.

Layered Products Media

The OpenVMS Alpha Layered Products media, which contain X.25 Client, comprise two types of Compact Disc:

- OpenVMS Alpha Software Product Library CD–ROM, which contains the installable subsets, Installation Guide and Release Notes (in ASCII and PostScript® form) for each layered product.
- OpenVMS Alpha Online Documentation Library CD–ROM, which contains user documentation in Bookreader® form for each layered product.

Contents of the Media Kit

- Bill of Materials (BOM)

  Please read the BOM enclosed in this kit and verify that all items listed are actually in your kit. If your kit is damaged or any items are missing, call your Digital representative.

- Media

  On the Software Product Library CD–ROM, you will find the X.25 Client directory and installation save sets. For information about installing X.25 Client on your system, refer to the *DEC X.25 Client for OpenVMS Alpha Systems—Installation Guide*, which is provided as a file on the Software Product Library CD–ROM.

  The Online Documentation Library CD–ROM contains X.25 documents in Bookreader format in the [DECW$BOOK] directory.

  The following manuals are provided:

  – *X.25 Client for OpenVMS Alpha Systems—Introduction*
  – *X.25 Client for OpenVMS Alpha Systems—Installation Guide*
  – *X.25 Client for OpenVMS Alpha Systems—Configuration Guide*
  – *X.25 Client for OpenVMS Alpha Systems—Accounting*
  – *X.25 Client for OpenVMS Alpha Systems—Management Guide*
  – *X.25 Client for OpenVMS Alpha Systems—NCL Reference Manual*
  – *X.25 Client for OpenVMS Alpha Systems—Problem Solving Guide*
  – *X.25 Client for OpenVMS Alpha Systems—Programming Guide*
  – *X.25 Client for OpenVMS Alpha Systems—Programming Reference*

® PostScript is a registered trademark of Adobe Systems, Inc.

® OpenVMS, Alpha, DEC, Bookreader and the Digital logo are trademarks of Digital Equipment Corporation.

- *X.25 Client for OpenVMS Alpha Systems—Security Guide*
- *X.25 Client for OpenVMS Alpha Systems—Utilities Guide*

- CD–ROM Booklet and CD–ROM Read First Letter

  The *OpenVMS Alpha Layered Products Compact Disc User's Guide* booklet (CD–ROM booklet) and a *Read First* letter accompany the CD–ROM distribution kit. The CD–ROM booklet:

  - describes the directory names on the Software Product Library CD–ROM where product subsets are located;
  - lists the documentation files on the Online Documentation Library CD–ROM provided for each product; and
  - contains information on using Bookreader to read the Bookreader–formatted files from the Documentation CD–ROM device ([DECW$BOOK] directory).

- Hardcopy X.25 Documentation

  Depending on how you ordered the product, your installation kit may also include printed copies of the X.25 Client manuals.

- Software Product Description (SPD) and System Support Addendum (SSA)

  The SPD provides an overview of the X.25 Client product and its features. The SSA describes the technical environment in which the product is supported. Both of these documents are provided online.

Release Notes Information

The Release Notes for X.25 Client contain installation–related instructions and a summary of technical changes, known problems, restrictions, and incompatibilities. Digital recommends that you read the Release Notes before installing X.25. The Release Notes are located on the OpenVMS Alpha Software Product Library CD–ROM in PostScript (.PS) and ASCII (.TXT) form in:

```
[DECX25CLIENT012.POST_DOCS]
[DECX25CLIENT012.LINE_DOCS]
```

In addition, after installation, the Release Notes are located in:

```
SYS$HELP:DECX25CLIENT_012.RELEASE_NOTES]
```

Installation Information

Installing X.25 Client requires the OpenVMS Alpha Operating System Version 1.5 or higher.

X.25 Client files are stored in the directory:

```
[DECX25CLIENT012]
```

on the Software Product Library CD. The following X.25 Client files are provided:

- The X.25 Client installation save sets, which are located in:

  ```
  [DECX25CLIENT012.KIT]DECX25CLIENT012.*
  ```

- The X.25 Client installation guide (*DEC X.25 Client for OpenVMS Alpha Systems—Installation Guide*), this Cover Letter, the Software Product Description (SPD), and the System Support Addendum (SSA), which are provided as files in PostScript (.PS) and ASCII (.TXT) forms in:

  ```
  [DECX25CLIENT012.POST_DOCS]
  [DECX25CLIENT012.LINE_DOCS]
  ```

License Management Facility (LMF) Information

A License Management Facility (LMF) Product Authorisation Key (PAK) allows you to access a software product and its documentation in Bookreader format. A PAK must be registered and loaded before you can install X.25 Client from the Digital CD–ROM Software Library for OpenVMS Alpha Layered Products. Refer to the CD–ROM *Read First* letter for information on LMF requirements needed to read the X.25 Client documentation using Bookreader.

Accessing Bookreader Documentation

To enable access to the X.25 Client Bookreader files, your system manager needs to define the DECW$BOOK and DECW$BOOKSHELF logical names as described in the *OpenVMS Alpha Layered Products Compact Disc User's Guide* in the CD–ROM distribution kit. To read the X.25 Client documents, run Bookreader on a graphics terminal:

a. Invoke Bookreader (refer to the *OpenVMS Alpha Layered Products Compact Disc User's Guide*); the initial or navigation Bookreader window is displayed.

b. Within the navigation window, select the topic ''Telecommunications and Networking''.

c. Select the topic ''DEC X.25 Client for OpenVMS Alpha Systems''.

d. Select the appropriate X.25 Client document. The table of contents for that document will be displayed.

Digital Services

A variety of service and support options are available from Digital. For more information, contact your local Digital sales office.

Your Feedback is Appreciated

Digital appreciates your comments. If you find errors in a manual, or want to make comments about a manual, there are a number of ways in which you can provide feedback to Digital:

1. Copy the reader's comments template *COMMENTS.TXT* from the *README* directory on the OpenVMS Alpha Software Product Library CD–ROM to your account. Edit the file and send it via Internet mail to the following address:

x25docs@ozrock.enet.dec.com

2. Use the pre–addressed, postage–paid Reader's Comments form located at the back of the *OpenVMS Layered Products Compact Disc User's Guide*.

3. Use the pre–addressed, postage–paid Reader's Comments form located at the back of the relevant hardcopy X.25 Client manual.
